

BOLT-FREE SHELF RACKS

- Bolt-free shelf racks meet the most demanding criteria put on modern product.
- Assembly system permits easy and quick rearrangement of shelves according to the customer's needs and at the same time it considerably saves time at the initial assembly itself.
- Individual racks can be easily extended by extension bays. These racks can be used widely, from record offices up to workshop.
- They can be easily combined with e.g. plastic boxes.
- Racks are separate and do not require any other reinforcing elements.
- Rack load capacity is good when the load is spread uniformly.
- Made from galvanized material.

- **Assembly without bolted joints.**
- **Shelves adjustable by 25 mm.**
- **Load capacity up to 230 kg per shelf.**
- **Made from galvanized sheet steel.**
- **Wide range of use.**
