

# MODULAR TRAPPING TUBS

- Made of polyethylene.
- High chemical resistance.
- Tubs can be placed directly on the floor.
- Integrated pockets for transport by a fork-lift truck.
- Accessible from all four sides (except the longitudinal version).
- Suitable for Euro pallets (1,200 x 800 mm) or industrial pallets (1,200 x 1,200 mm) and plastic pallets of similar dimensions.
- Pallets can be placed directly on the tub using a pallet truck or forklift.
- The trapping tubs are available without a grate, with a plastic grate or with a metal grate.

**Type: 8199** without grid

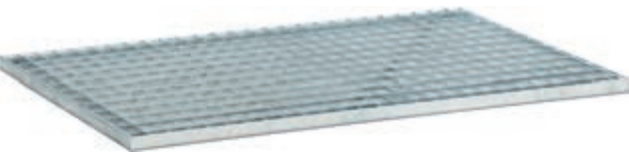

**Type: 8202** without grid

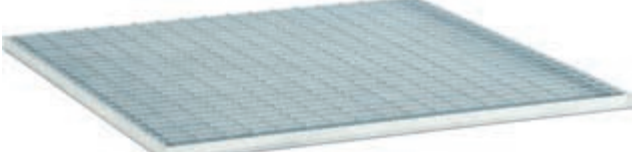

**Type: 8200** with plastic grid

**Type: 8203** with plastic grid

**Type: 8201** separate metal grid

**Type: 8204** separate metal grid

TYPE	NAME	DIMENSIONS l x w x h (mm)	LOAD CAPACITY (kg)	CAPACITY (l)	NUMBER OF PALETTES	NUMBER OF 200 l BARRELS	WEIGHT (kg)
8199	Trapping tub without a grid	1,230 x 830 x 360	600	220	1	2	13
8200	Trapping tub with a plastic grid	1,230 x 830 x 360	600	220	1	2	21.5
8201	Metal grid	1,200 x 800 x 30	600	–	–	2	12.4
8202	Trapping tub without a grid	1,230 x 1,230 x 260	1,200	220	1	4	13.5
8203	Trapping tub with a plastic grid	1,230 x 1,230 x 260	1,200	220	1	4	26
8204	Metal grid	1,200 x 1,200 x 30	1,200	–	–	4	30
