

# DRAWER RACKS WORK TABLES

- Drawer racks including the drawers are made from sheet steel.
- Easy motion of drawers, even under their maximum load, is enabled by their move on steel balls.
- Drawers are secured against sliding out by blocks.
- Drawer front side is bevelled to facilitate easier taking out of stored objects.
- Suitable especially for storage of small objects and tools.

Type: 6711

Type: 6712

Type: 6713

TYPE	MAIN DIMENSIONS (mm)	DRAWER SIZE (mm)	NUMBER OF DRAWERS	MAX. LOAD CAPACITY (kg)	TOTAL WEIGHT (kg)
6711	1,206 x 506 x 890	340 x 500 x 120	15	50	70
6712	1,206 x 506 x 890	250 x 500 x 150	16	50	73
