

FIRST-AID BOX FOR WORKPLACE

According to the Civil Code, Act No. 262/2006 Coll., § 103 letter j), an employer is obliged to ensure the first aid provision. And so, each employer's obligation is to equip the workplace with a necessary number of first-aid boxes and to ensure their availability during all the working hours. At the moment there is not any legal regulation or another health standard in the Czech Republic as for the first-aid kit contents. The contents of first-aid kits should be determined according to the risks arising from work activities and should be consulted with the organization contract doctor. The contents of first-aid kits have been designed with the help of rescue service experts and traumatological ward doctors and divided into individual specific workplaces according to the accident risk.

Health-care contents **OFFICE** is suitable for all office and administrative premises, reception offices and other workplaces with an ordinary rate of accident risk. The contents include a basic range of medical and bandage material to give first aid, put together on the basis of risks occurring in these workplaces.

Type: 7582

First-aid box contents **WAREHOUSE – SHOP** is suitable for all workplaces and plants where handling of goods takes place, such as warehouses, shop premises and similar workplaces with an increased rate risk of injury. The contents include a basic range of medical and bandage material including washout solution in case of eye contact with a dangerous substance.

Type: 7583

Health-care contents **PRODUCTION** is suitable for all workplaces and plants where employees work with or process metal, plastic or wooden material, such as workshops, production, material processing and the like. Besides the basic medical and bandage material the contents also include washout solution in case of eye contact with a dangerous substance and cooling bandages and gels to reduce burning consequences.

Type: 7584

First-aid cases of FLUO line

New first-aid kits of FLUO line are easily identifiable in the workplace thanks to their bold yellow colour. Portable cases are very suitable for outdoor activities where poor light such as gloom and dark can prevent from fast identification of first aid means in case of need.

- Cases are made of shock-resistant ABS plastic.
- A wall bracket with screws, which can be fixed firmly to the wall, is also a part of the case – the case can be fixed firmly to this bracket and it becomes a classic first-aid kit.
- In case of need the case can be taken out from the wall bracket easily and take to a place of injury.
