▲ Folding membrane stopper

Type: 7599

Universal device for quick and easy protection of riggots. Made of solid and flexible, chemically resistant film fastened to a magnetic mat. After the film is weighted down by liquid, the stopper clings perfectly to the sewer riggot and prevents liquids from entering.

- Suitable for steel grates.
- It can be used repeatedly for cleaned horizontal riggots even with side draining off.
- It can be even overlapped when used.
- Resistant to all commonly occurring chemicals.
- Temperature range $-20\text{ }^{\circ}\text{C}$ up to $+60\text{ }^{\circ}\text{C}$.
